heartstrings

Do you play a musical instrument?

Oh, yes!

Which one?

The Heart.

Really? You play the Heart!

Everybody plays it.

*It's not that hard,
but at times it's not that easy.*

*The beauty is, it's in your hands
all the time. With practice, it can
literally play by itself.*

*So it's truly up to you,
how lovely a melody you wish to play
for those around you lucky enough to hear.*

*One tip... be gentle,
and try not to break any strings.*

loves first flight

*Just as a bird takes it's first flight
from the nest out into the infinite spaces,
we too, come to that inevitable day...*

*And a force inherent in us all,
lifts us up and for the first time we soar
with an open heart, for all to see.*

*And when we've caught our breath,
we are overcome with love's all consuming power-
that exhilarating feeling of being.*

Anxious for the dawn... to fly into a new day.
